Come learn how to increase your profits, learn new skills and expand your services beyond the lock and cylinder.

This is an excellent class to become familiar with the principles of door closers, with emphasis on the selection, adjustment and installation procedures for surface mounted door closers. In addition you will learn about functions, servicing, retrofitting and installation of door closers.

A wealth of information will be presented with cutaways, samples and tools to be successful.

The hardware covered will be of the commercial or heavy duty grade. Other types of closers will be discussed as an aid in preparing for the PRP LO5 section on door closers. A wealth of information will be presented with cutaways, samples and tools to be successful.

David Thielen CML, CHI, CAI; has been a professional locksmith for over 40 years, working for local lock shops, over 30 years with Adams County schools and recently Intermountain lock supply. He has been teaching for over 30 years or ALOA, local locksmith associations, distributors and government entities.

David is a certified master locksmith, certified hardware installer, and a certified ALOA instructor. David has received the ALOA instructor of the year award three times.

David enjoys sharing his knowledge of commercial door hardware and helping people grow their skills.

Location: Elegante Hotel, 2886 South Circle Dr, Colorado Springs, Colorado 80910
